

## WATCH CLEVELAND TO SEE IF SOX TRY FOR A PENNANT VICTORY

### More Evidence Thrown on Charge of Crookedness in 1919 Series.

By Associated Press Leased Wire Chicago, Sept. 24.—Interest in the grand jury investigation into alleged "throwing" of baseball games by dishonest players switched today from Chicago to Cleveland.

With the grand jury adjourned until next Tuesday investigators, baseball magnates and fans are watching the White Sox for their victory or defeat in the game with the Indians may decide the future course of the investigation. If the White Sox win they will displace Cleveland and lead the American league by half a game. Ban Johnson, president of the American league is reported to have received rumors that gamblers are trying to create an impression that the White Sox do not dare win the league pennant. According to statements quoted Mr. Johnson, published by papers here, the syndicate of gamblers which, it has been charged, "bought" last year's world series by paying \$100,000 to five White Sox players, threatens to expose the plot if the Chicago team wins the race.

### COHAN LOST WAGERS.

By Associated Press Leased Wire Chicago, Sept. 24.—Investigation of a report that George M. Cohan, actor, and Mont Tennes, of Chicago, had lost large sums bet on last year's world series was understood today to be under consideration by the Cook county grand jury, which next Tuesday will resume gathering testimony of charges that the series was "fixed" so that the Cincinnati Reds would win. Published reports place Cohan's losses at \$30,000 and Tennes' at \$50,000.

The inquiry into the "fixing" charges is to be pushed to the limit, according to a statement made by Henry Brigham, foreman of the grand jury, who declared that he was "shocked at the rottenness so far revealed."

### Hoynes Says "Crooked."

State's Attorney Hoynes, according to a statement received from him in New York declared he "had no doubt that the 1919 series was crooked and that at least one Chicago player was crooked."

Jacob C. "Rube" Benton, New York Giants pitcher who told the grand jury yesterday of being offered a bribe to lose a game, naming "Buck" Herzog, Hal Chase and "Hainie" Zimmerman in connection with the alleged offer in a statement published today, named four White Sox players as having been named to him by an alleged member of a baseball gambling ring in a discussion of alleged "fixing" of the 1919 series.

These players, Benton declared, were Eddie Cicotte, pitcher of the first game, Claude Williams, pitcher in the second, Chick Gandil, first baseman and Hap Felsch, center fielder. Benton's statement said the players were mentioned by a Cincinnati "betting commissioner" named Hahn. Benton and five White Sox said that players demanded \$100,000 for "throwing" the series and that this was paid to them by a group of Pittsburgh gamblers.

### Says Cicotte Knows.

Benton said he was sure Cicotte could name the Pittsburgh gamblers and would be glad to give the information to the grand jury.

Benton in his story of the alleged "fixing" of the world's series last fall said: "Last fall after the series a man named Hahn who hails from Cincinnati and is known as a betting commissioner, visited me at my home in Clinton, N. C. I asked him about the world series. He said the series was not on the square."

### Said Series Was Thrown.

"He said that the deal to fix players to throw the series to Cincinnati had been engineered by a syndicate of gamblers, from Pittsburgh, for whom he worked in Cincinnati as betting commissioner."

"He said certain players on the White Sox team had visited Pittsburgh before the series was played and made arrangements to throw the games. He said that the players demanded \$100,000 to lay down so that the Sox would lose and this was paid them."

"We discussed various players on the team. Five players were mentioned by Hahn, in the course of the conversation. Four are: Eddie Cicotte, pitcher of the first game of the series; Claude Williams, who pitched the second game; Chick Gandil, first baseman, and Hap Felsch, center fielder. I do not recall the name of the fifth man."

"I do know the tip was sent out of Cincinnati to bet on the Reds. . . . They tell me around New York that Hal Chase won \$40,000 on the series. He must have won a lot because he had plenty of money after the series ended."

### Made Small Bet.

"I made one small wager on the series. I bet \$20 on the first game and won it. I spent it for drinks in the barroom where I made the wager."

"After the first bet Larry Doyle and I made a poker bet on every game. Doyle liked the White Sox and bet on them. I had my 'tip' and liked the Reds. But my winnings were very small, only \$10 or \$20 a day."

## GEORGES LEYGUES NEW FRENCH PREMIER

### Millerand Calls Clemenceau's Minister of Marine to Head Cabinet.

By Associated Press Leased Wire Paris, Sept. 24.—Georges Leygues, Minister of Marine in the Clemenceau cabinet, has accepted a call to the first premiership under President Millerand's administration, it was announced this afternoon. He will likewise act as foreign minister.

Georges Leygues, who became minister of marine when Premier Clemenceau formed his cabinet in November, 1917, a few months after the entry of the United States in the war, served in that post throughout the remainder of the world conflict. He retired from ministerial office last January with the resignation of M. Clemenceau.

M. Leygues began his political career as a member of the chamber of which he entered in 1884. Subsequently, he held posts in the cabinets of Dupuy, Ribot, Waldeck-Rousseau, and Sarrien. He is a lawyer by profession and a writer of considerable prominence on historical, political, economic and literary subjects. His political affiliations have been with the group of the Republicans of the Left. He will be 62 years of age in November.

### PRATHE MILLERAND

By Associated Press Leased Wire Paris, Sept. 24.—Praise of Alexandre Millerand, the new president of the French Republic is the keynote of editorials upon his inauguration printed here today. The only discordant note comes from Socialist organs and some radical journals.

To investigate a statement printed by several newspapers quoting Ban Johnson, president of the American league, as saying the White Sox did not dare win the pennant from Cleveland this year, according to reports reaching him, because the gambling syndicate threatened to expose players involved in the baseball scandal.

Mr. Johnson was out of town today and could not be reached.

Charles "Buck" Herzog, who was accused yesterday by "Rube" Benton of offering him money to lose a game, announced today that he would appear before the grand jury and demand that he be heard. Herzog has not been subpoenaed.

"The grand jury called Benton," Herzog said, "and thereby grants him immunity from prosecution, notwithstanding the fact that he admitted betting on the world's series, as my witnesses have charged, following a tip from Hal Chase."

Herzog said he would file a waiver of immunity when he demanded to be heard.

If any evidence to warrant prosecution is uncovered those involved may be charged with obtaining money under false pretenses, conspiracy, or operating a confidence game, H. L. Replogle, assistant state's attorney in charge of the grand jury investigation announced today.

Mr. Replogle denied reports current last night that he was to be removed from the case or that Judge Charles A. McDonald had ordered the testimony before the grand jury made public. The same secrecy that surrounds all grand jury proceedings applies to this investigation, he said.

### REDS ARE CLEARED.

By Associated Press Leased Wire Cincinnati, Sept. 24.—The man named Hahn mentioned by Pitcher "Rube" Benton as the one who told him that the last world's series was "fixed" could not be located today.

President August Herrmann of the Cincinnati baseball club, and former chairman of the National committee declared today that "the Reds have been given a clean bill; they were not involved in any irregularities during the world series of 1919."

John E. Bruce, secretary of the national "commission" said that he had never heard a word of suspicion against any member of the Cincinnati baseball club.

### LOOKING UP EVIDENCE.

By Associated Press Leased Wire New York, Sept. 24.—John A. Heydler, president of the National baseball league, who will appear next week before the Chicago grand jury investigating alleged baseball gambling, left for the west today to visit a number of major league cities to investigate several "leads" he has received.

### COMISKEY TALKS.

By Associated Press Leased Wire Chicago, Sept. 24.—Charles A. Comiskey, owner of the White Sox, issued a statement today declaring that "if any of my players are not honest, I'll fire them no matter who they are, and if I can't get honest players to fill their place, I'll close the gates of the park that I've spent a life time to build, and in which in the declining years of my life I take the greatest measure of pride and pleasure."

Mr. Comiskey criticized Ban Johnson, president of the American league and said that "at no time since the playing of the world series did I have any co-operation from Johnson, or any member of the National commission in ferreting out this charge of crookedness."

## SOVIET PROPOSES AN ARMISTICE TO AVOID A WINTER CAMPAIGN

### Head of Russian Peace Delegation Gives Poles Ten Days to Accept.

Riga, Latvia, Sept. 23.—(By Associated Press)—Adolph Joffe, head of the Soviet peace delegation, at today's session of the Russo-Polish peace conference proposed an armistice, which he said, must be accepted by the Poles within 10 days or the Russian winter campaign would be inaugurated. This Joffe declared the soviet government desired to avoid.

M. Joffe preceded his proposal by offering to withdraw virtually all the fifteen peace points submitted at Minsk to which the Poles objected. The Soviet armistice terms, which M. Joffe said the Soviet central executive committee in Moscow decided upon yesterday, eliminated virtually all conditions designed to sovietize Poland and abandon the Russian claims regarding Galicia.

M. Joffe's proposals make the prospect of peace much brighter than hitherto.

## RACING PIGEONS START SATURDAY FOR ST. LOUIS

### Two Homing Pigeons to Be Liberated in Dixon Tomorrow.

The two racing pigeons which are to represent the Public Drug & Book Co. in the Rexall Derby tomorrow, arrived in Dixon from St. Louis yesterday and are now on exhibition in the drug store window. Tomorrow morning at 9:30 o'clock they will be liberated to take part in the biggest race of carrier pigeons the United States has ever seen. Pairs of these feathered racers have been sent from the Rexall pigeon lofts in St. Louis to 2,500 cities and towns within a radius of 500 miles.

The pigeons will be released in every city and each bird will carry a message.

It will be sent by the mayor, or other executive of the place from which the bird is flown, to Gov. Gardner, of Missouri, who will be at the finish line at the big Rexall lofts, St. Louis.

The shipments were timed so that each pair of feathered racers arrived at the starting line 24 hours before the race. Each bird, specially bred for this event, has been trained and conditioned by the leading pigeon experts in the country. Training was started last January. The more mature birds will fly the longer distances. Prizes will be awarded winning birds in each of the five 100-mile zones. From 46 to 50 mile speed is expected from the winners.

Never in the history of pigeon racing in this country has an affair of this magnitude been scheduled. It means much here for a sport long popular in European countries, especially Belgium.

Conditioning pigeons for a race like Saturday's is almost as difficult a proposition as conditioning college athletes. Twice a day for months the birds have been given practice flights. Their food alone has cost over \$350 a week. Medicine? The birds have consumed more than a barrel of castor oil as a single item.

In every race as long as the Rexall Derby, large numbers of birds are lost as a usual thing. It is believed this number will be far smaller than usual in Saturday's event. One reason is that many of the younger racers have just mated and established "homes" in the St. Louis lofts. This has served to greatly enhance their keen love for home, the predominant trait in homing pigeons.

Birds with special messages from Senator Harding and Governor Cox are to be released from Marion and Columbus. The rival candidates are to express good wishes for the 17th annual convention of Rexall druggists. The race is to be a feature of this gathering of 4,000 business men.

## FREEPORT MAN WHO SUICIDED WAS DIXONITE

### Frank Piefer, Former Manager Snow White Bakery in This City.

Frank Piefer the Freeport young man whose suicide yesterday on his wife's grave in a Freeport cemetery was announced in an Associated Press dispatch in last evening's Telegraph, is remembered by many Dixon people as the manager of the Snow White Bakery in this city for several months after it was started. His wife, grief over whose death is believed to have resulted in the suicide, is also remembered by many Dixonites.

Further advices from Freeport are to the effect that Piefer appeared jovial Wednesday night, and none of his friends had the slightest intimation that he intended self destruction. He arose at about 4 o'clock Thursday morning, the anniversary of his wedding, ate heartily at a lunch room and then spent some time talking to a policeman to whom he tried to sell the revolver with which he afterwards took his own life.

## WATSON REORGANIZES DIXON ICE CO.—WILL RE-BUILD ICE HOUSE

### Plan to Start at Once to Replace Burned Storage Structure.

The Dixon Pure Ice Company will again be in the retail ice business in Dixon as well as shipping ice next season, according to an announcement made this morning by Sam N. Watson, president of the company.

It is the plan of the company to rebuild at once the big storage house burned recently. All of the machinery of the burned building was unharmed by the fire and will be used in the new plant.

Have Good Market. The company has shipped Dixon ice to 100 points and the demand is growing. Freight rates from Dixon are markedly under those from competing points.

The supply, or ice fields, owned by the company are of a hundred thousand tons capacity. If the industry was developed much benefit would be derivable from Dixon.

## Will Sell Shares.

It is planned to reorganize the company and 300 shares at \$100 per share will be sold. The stockholders will elect new directors and they will elect the officers. Several blocks of \$1,000 have already been sold.

## Wheat Price Smashed By Drive on H. C. L.

By Associated Press Leased Wire Chicago, Sept. 24.—Big breaks in the price of wheat took place today, largely as result of agitation for a general cut in food cost. The smash of values in wheat amounted to as much as 12½¢ a bushel and the market closed in a semi-demoralized condition. December delivery at 2.25 to 2.25½ and March 2.15½ to 2.16.

Heretofore, wheat has been advancing despite setbacks in the price of other grains. The chief reason ascribed for such strength was huge sales of wheat for export to Europe. Today, however, the stimulus of export business appeared to have lost its influence and especially near the end of the day the wheat market tumbled wildly downward.

In sympathy with the weakness of wheat, other grain markets also gave way, and both corn and oats fell to the lowest price levels yet for the 1920 crop.

## Milk Producers Had Fine Picnic Thursday

Threatening skies yesterday morning kept many of the milk producers of this vicinity and their families from attending the picnic at Lowell Park, but the three hundred or more who did attend had a remarkably fine time, and heard some interesting addresses.

The afternoon was given over to games and listening to talks by Carroll King, secretary of the Dixon Chamber of Commerce; L. S. Griffith, Lee County Farm Advisor and W. J. Kittling, head of the Co-operative Marketing Co.

Mr. Kittling devoted part of his address to a general discussion of conditions throughout the country and then centered the attention of his hearers on the milk producing situation in the east and locally.

By Associated Press Leased Wire Washington, Sept. 24.—The right of Senator Edge, Republican of New Jersey to participate in any investigating committee into the political activities of the Stars and Stripes, a soldier publication was challenged before the committee today by Joseph L. Heffernan, secretary of the publishing company. He said he had information that Senator Edge was involved in "some scheme, whatever it is, against us."

Heffernan previously had testified that his paper, despite "a bonafide circulation" of 100,000 had been unable to obtain advertising. He said he had information that Senator Edge recently participated in conferences with men interested in preventing the "Stars and Stripes" from obtaining advertising.

Senator Edge demanded the name of the person who had informed Heffernan, and was finally told that Richard S. Jones, an associate in the Stars and Stripes office, was the man. Jones was ordered subpoenaed.

## MILLIONAIRE IS FOUND MURDERED AFTER 3 MONTHS

### Body of Missing Capitalist Found in Concrete Crypt.

Los Angeles, Calif., Sept. 23.—Jacob Charles Denton, millionaire and retired capitalist, who disappeared four months ago, was found buried today in a concrete crypt in the basement of a residence which he owned at 675 S. Catalina street. Physicians said he had been dead three months.

Motive and all other circumstances of the murder are as inexplicable as his disappearance. He had no enemies so far as known. He was divorced, his wife now living in Missouri. His daughter, Miss Frances Denton, lives at Phoenix, Ariz. He had no son. He had two nephews, F. C. Denton and P. R. Aumont, of Los Angeles.

## Crime Carefully Planned

That the murderer devoted long study to the commission of the crime was indicated by the elaborate manner in which the crypt was fashioned. It is in the form of a rectangle and measures about 10x12 feet. In a hermetically sealed box, in which lay the body, wrapped in an old comforter. The excavation for the crypt had been made under the stairway leading from the first floor to the basement.

Discovery of the crypt was made by a private detective retained by Attorney Russell Avery to whom Mr. Denton had intrusted his will a few days prior to his disappearance. The detective noticed that the earth under the stairway was not uniform with that surrounding it.

## Revolver Fired Once

A few hours after the body had been exhumed the police found in the house a revolver with a discharged cartridge. There also were letters in which three women were named as friends of his. The police will interrogate them, as well as a Mrs. R. C. Peete, who occupied the mansion a few weeks prior to Denton's death. She is now living in Denver.

Denton lived at a fashionable apartment hotel here and leased the mansion. But it was vacant at the time of the disappearance and the police believe he was living there part of the time. The present tenant is Mrs. T. T. Miller. She has occupied it about a month, having leased it from Mr. Avery.

## MYSTERIOUS WARNING.

By Associated Press Leased Wire Denver, Colo., Sept. 24.—Mrs. R. C. Peete, who occupied for two months the Los Angeles house where the body of Jacob Charles Denton was found yesterday said today that she would start for Los Angeles tomorrow to tell the authorities all she knows about Denton and the house.

She said that she rented the house May 24, and remained there until August 17, when she came to this city. June 6th, Mrs. Peete said she received a mysterious telephone warning to remain out of the cellar. She said that she saw little of Denton while living in his house.

"When he did not return I instituted a search for him. We found his will, which left most of his property to his daughter, who lives in Phoenix, Ariz. Then I got the mysterious telephone call."

Mrs. Peete said that Denton was friendly with a Spanish woman, who called at the house twice while she was there. It was the voice of this woman, Mrs. Peete declared she was confident, who gave her the warning over the telephone to stay out of the basement.

## ALL GRAINS HIT BY SHARP BREAK IN PRICE TODAY

### General Deflation in Living Costs Brought Acute Weakness.

By Associated Press Leased Wire  
Chicago, Sept. 24.—Heavy selling led to a sharp break in wheat prices today. Part of the selling appeared to be on European account and part was said to be hedging from the south-west. Later, buying for a house with seaboard connections helped to rally the market somewhat. Opening quotations, which ranged from 1 1/4 to 1 3/4 lower, with Dec. 2.32 to 2.34, and March 2.20 to 2.24, were followed by a moderate reaction from initial bottom figures.  
Talk of general deflation in living costs was a decided bearish factor and the market developed acute weakness near the end of the session. Prices closed heavy 10 1/2 to 12 1/2 c net lower, with Dec. 2.25 to 2.25 1/2 and March 2.15 to 2.16.  
Liberal receipts had a bearish effect on corn. After opening 1/2 c to lower, with December 1.82 1/2 to 1.85, the market secured additional losses, December and May selling at the lowest prices yet this season.  
All deliveries of oats fell in sympathy with corn to a new low price level for the 1920 crop, starting unchanged to 1/2 c down, with Dec. at 17 1/2 to 17 3/4.  
Upturns in the hog market gave firmness to provisions.  
Subsequently advances in corn resulted from a let up in the active commission house selling, which has been a bearish influence of late. Fresh declines, however, ensued owing to

## CUT THIS OUT

### OLD ENGLISH RECIPE FOR CATARRH, CATARRH, DEAFNESS AND HEAD NOISES.

If you know of some one who is troubled with Catarrh of the Ear, head noises or ordinary catarrh cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires constitutional treatment. Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear which frequently means total deafness, or else the disease may be driven down the air passages towards the lungs which is equally dangerous. The following formula which is used extensively in the damp English climate is a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climate conditions.  
Secure from your druggist 1 ounce of Parmit (Double strength). Take this home and add to it 1/2 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Clogged nostrils should open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is reduced. Parmit used in this way acts directly upon the blood and mucous surfaces of the system and has a tonic action that helps to obtain the desired results. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh of the ear or head noises or is hard of hearing should give this treatment a trial.

The crusade for better babies has spread from coast to coast, and taken firm hold of American Mothers. Few women realize how much the ill health of the mother influences the unborn child, both physically and mentally. Women who suffer from mysterious pains, backache, nervousness, mental depression, headaches, etc., should rely on Lydia E. Pinkham's Vegetable Compound, made from roots and herbs which for nearly forty years has been the standard remedy for these ailments.

## BETTER HALVES

For nearly 400 years married men  
have referred to their wives as their  
better halves. And with good reason,  
no doubt.

But it is interesting to know just  
when this colloquialism for wife made  
its appearance. Bookish people declare  
that the phrase is first found in Eng-  
lish literature at least in Sidney's  
"Arcadia." That is a publication of  
the sixteenth century.

Here, Angus says to Parthenia: "My  
dear, my better half, I find that I  
must now leave thee."

The compliment on the part of  
friend husband must have made the  
parting on the part of the missus, less  
painful. But, seriously, where is the  
man that will gain say what the  
shrewd Sidney started so many gener-  
ations ago?

The anthropologist who said brun-  
nets are talkers and blonds are reticent  
did not explain about self-made  
blonds.

## BEAUTY

A number of newspapers the coun-  
try over are looking for the "most  
beautiful woman" in their city or  
county or state.

But what is real beauty? And by  
what standard should the judges be  
guided?

Dr. Doyal Copeland, commissioner  
of health of New York City, has a  
theory of his own.

He says:

"A woman that is beautiful must  
have clear skin; she must have  
strong red blood flowing beneath that  
skin; and she must have firm muscles.  
Those are the tests of beauty."

There is a theory as to what con-  
stitutes beauty given by medical au-  
thority. It is looked at from a medi-  
cal or health viewpoint.

It is interesting to note.

## MEXICAN PEACE

President De La Huerta, of Mexico,  
spoke in a decidedly optimistic tone in  
his opening address to the Mexican  
Congress.

Commercial treaties are to be  
smoothed out. Extradition treaties  
with other countries are in effect for  
the first time in ten years. The oil  
business is booming, and looking bet-  
ter every minute.

Also:

"The government is now able to  
guarantee the lives and property of  
foreign citizens."

It is to be hoped that neither the  
Mexican bandit nor the foreign priv-  
ilege seeker makes it impossible for  
the government to keep that guaran-  
tee in good working order.

## CHICAGO

"I think it is terrible that in a civ-  
ilized community such rough and row-  
dy methods should prevail," observed  
a man who had just read the story of  
Chicago's primary murder and riots.  
"But Chicago isn't civilized," re-  
plied another.

Which is sufficient editorial itself.

## YOUR TURN NEXT

Cheer up, candidates, you'll get  
some attention some day.

The baseball season can't last for-  
ever. Football doesn't take but a few  
weeks. There'll be some few hours  
for politics just before the nation  
does its Christmas shopping early.

## WELL, WHY NOT?

Now that women have the vote you  
may look for a repeal of discrimina-  
tory and unjust sections of the con-  
stitution.

For example, there is the one mak-  
ing it necessary to acknowledge an  
unusual number of years before being  
eligible to the presidency.

Orange pickers are out of luck. An  
earthquake at Riverside, Calif., did  
the job for them.

The snake charmer who mistook a  
rattler for one of her pets should tie  
pink ribbons on her favorites.

Louisville has the first bank run  
entirely by women. A real rival of  
the list bank.

Osaka Tokyo is the name of a new  
Japanese religion, not a face powder.

## WINTER WEAR.

Winter weather means winter cloth-  
ing, but it does not necessarily mean  
heavy underclothing for those who  
live in the steamheated haunts of the  
city.

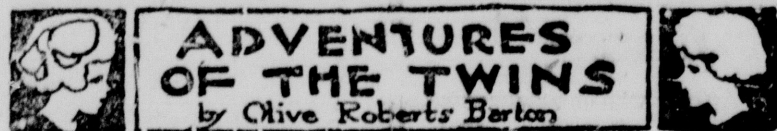

Those who live or work in tempera-  
tures from 63 to 70 degrees may find  
too heavy underclothes means discom-  
fort and susceptibility to colds.

The two necessary requisites in  
sensible and healthful dressing of the  
body are to keep the skin dry and to  
give it air.

A certain amount of evaporation of  
moisture from the skin is constantly  
going on, to equalize the bodily heat.

If the underclothing is too heavy  
and tight-fitting, it does not permit of  
sufficient circulation of air over the  
surface of the body. An excess of  
heat or a little unusual exercise will  
cause perspiration. If, in this con-  
dition, there be exposure to cold, the  
over heated parts may become chilled  
and a cold is apt to result.

When some circulation of air is  
permitted, perspiration is disposed of  
by evaporation and the skin remains  
dry.

ADVENTURES  
OF THE TWINS  
by Olive Roberts Barton

FLOPPY GETS CORNERED.

Mrs. Field Mouse looked in horrified  
amazement at her husband, Munchie,  
cubically eating his soup. How could  
he, when his own son was crying with  
an injured eye! Particularly, when  
Flopp had almost told them that Mr.  
Scribble-Scratch, the fairy school-  
master, was the cause of it. Of course,  
he didn't just say so, exactly, but—  
well, he let them think so anyway.

How did he know that Nick, the at-  
tendance-officer at the Meadow Grove  
school, had seen his father and made  
a report that morning about him and  
Muffy Mole playing truant.

"Mr. Mouse, I should like to know  
what you mean by allowing this aw-  
ful treatment of your own son,"  
screamed Mrs. Mouse. "Do you in-  
tend to let that dreadful fairyman go  
without a word?"

"Oh, no, I guess not," answered  
Munchie, quietly reaching for a crack-  
er. "Flopp, how come you can't get  
your spelling? I met Mike Mole and

said Bust. The storm brought 'em  
up and Muff didn't have to hunt at  
all. They seemed to be hunting for  
him instead. And he wouldn't move  
an inch and I couldn't get out of the  
hole and—"

He stopped suddenly,  
realizing that he had let the cat out of  
the bag.

"Why, Flopp Field Mouse?" cried his  
mother in surprise and dropping him  
off her lap. "Munch, go get a birch-  
rod at once."

now I don't want to do any one of

Pitiful, isn't it?  
Doesn't your heart overflow with  
sympathy for the man?

But don't waste all your sympathy  
upon him, for here's another guy in  
woeful need of it:

"The happier man," asserts the  
wealthy son of a wealthy farmer, "is  
the young man who has to start at the  
bottom rung and carve his own for-  
tune."

This complaining citizen was one of  
those unfortunate critters born with  
the proverbial silver spoon in his  
mouth.

"The happiest day of my young life,"  
he added, "was when I ran away from  
my tutor and hood weeds for our gar-  
dener. He paid me 10 cents for about  
three hours' toil, and believe me, that  
dime looked bigger and better than the  
million-dollar check I gave me on my  
twenty-first birthday."

So there you are! One millionaire  
is peeved because he got his millions  
too late in life, and the other is sore  
because he got his too early.

# Japan Will Offer Vigorous Protests

By Associated Press Leased Wire  
Honolulu, Sept. 23.—Cable advices from Tokyo to the Nippon Jiji, Japanese language newspaper here, regarding anti-Japanese legislation in California report that the diplomatic council has decided that Japan will instruct Ambassador Shidehara to register vigorous protest if California passes the Japanese land laws on which there will be a referendum in November. The ambassador's protest will be based on the ground that such legislation is unconstitutional and a violation of Japan's treaty rights, it was said.

# EX-SHERIFF IS OUT WITH FACTS

Says Biggest Surprise of His Life Was the Way Tanlac Restored Wife's Health.

"I just wish you could hear my wife praise Tanlac, and I am no less grateful than she is for her wonderful recovery, recently, declared Peter Miller, a prominent farmer living at Little, Ind., R. F. D. 14, Ex-Sheriff of Pike County.

"For fifteen years she hardly knew what a well day was, and was on the flat of her back two-thirds of the time. She couldn't eat solid food of any kind without suffering severe pain afterwards. She suffered with dreadful headaches and her nerves were so shattered that she couldn't rest at night and for years she hadn't been able to do any work around the house and thought she could not live much longer.

"I never had anything equal to the surprise I got when Tanlac overcame all my wife's troubles and changed her into a strong and healthy woman. Tanlac seemed to soothe her stomach and give her an appetite, and within a short time she was up and around the house. She has gained so much in weight that her friends hardly know her. She eats three meals a day and is so much stronger that she insists on doing a big share of the housework, while only a short time ago she couldn't even cross the room by herself." I have spent thousands of dollars for other medicines and treatment, but my wife's health has been restored by Tanlac at a cost almost too small to mention.

TANLAC is sold in Dixon by the Public Drug and Book Co., and by the leading druggists in every town.

# NEWS FROM DIXON

## Y LADIES HIKE

The hike for the Ladies of the Y. M. C. A. last evening was one of the most enjoyable affairs of the season. About 10 of the fair athletes were in at the finish of the first lap which was the high cliff below Grand Detour, although there were only 7 who actually hiked there thru the woods, over hill and down dale and thru 14 fences by actual count. On the cliffs a fire was built and bacon and hot dogs were soon sizzling and with this sound was mingled the "ohs" and "ahs" etc. directed at the moon. After eating, singing and listening to the story the captain told the boys about the dark

and stormy night the gang started for home arriving about 10 bells tired but happy. Another hike, this time to the Rocks, is being planned for next week.

## BOYS ON HIKE

The boys of the Y will go on another all day hike Saturday starting at 9:30 in the morning. This time the gang will go to the Rocks.

*Boudoin talks with Sybel on the merits of cocoa butter for facial massage*

After a glimpse of Sybel's pink and white complexion you can just imagine how I drank in every word of the lesson she gave me in facial massage. "We're really as dirty as little street urchins, honey, only we take the outer layer off. Dust and dirt clog the pores of the skin and stuff them up so they can't breathe. We ought to thoroughly purify the face at least twice a week to retain our natural bloom. "I can just see mother's French maid, Nanette, using cocoa butter, a wonderful skin food, to keep mother's face soft and youthful. I use only Coco-Bloom—a cocoa butter cream that contains the purest of beneficial ingredients. "Dab it on and rub it in thoroughly. Begin at the chin and rub carefully using a rotary motion. Rub around the eyes—that keeps them from looking tired. Chase the frown wrinkles away by rubbing towards the temples. Since your facial muscles are bound to sag after you've passed gloomy days—tap the chin and cheeks to strengthen them. "Then wipe the Coco-Bloom off with a coarse towel and cleanse apply hot towels to clean the pores followed by cold ones to close them—with a dash of witch hazel as an astringent. "Coco-Bloom applied each night to cleanse the face with a wee bit of massage keeps the skin clear and just like velvet. "Remember, Coco-Bloom is *cocoa butter cream*, and it supplies exactly what is needed to make your skin healthy."
